AIIROUNDER

STARTING & DEEP CYCLE ADVENTURE BATTERY

Advanced dual terminal design For starting and deep cycle applications

- > Built with reinforced anti-vibration components for multi-purpose applications
- > Assembled with hardened framed plates and corrosion-resistant alloys
- > Advanced dense and compact battery construction
- > Enhanced formulation for higher charge efficiency
- > Formulated with high purity lead and electrolyte

Reliable, Long service life, Built to last.

ALLROUNDER RANGE

TYPE	NOMINAL VOLTAGE V	TECH	CCA (EN)	RC (min)	AH (20HR)	OVERALL DIMENSION (mm)				WET WEIGHT (kg)	ASSEMBLY	PRIVATE WARRANTY (months)	COMMERCIAL WARRANTY (months)
