

★ SUPERCHARGE[®] **BATTERIES**

SEA MASTER

**For different sea states,
delivering reliable performance**

- > Preferred battery of boat engine manufacturers
- > Built with anti-vibration components
- > Sealed design for protection in high salinity environment
- > Advanced dense and compact battery construction
- > Engineered with a special composition for higher charge efficiency
- > Formulated with high purity lead and electrolyte

Reliable, Long service life, Built to last.
